

Who is the best solar company in Arizona?

We recommend Sun Valley Solar Solutions as one of the best solar companies in Arizona. It installs top-notch solar panels and battery storage solutions from Tesla, Generac and other innovative national brands while keeping prices low for its local customers.

How many solar installers are there in Arizona?

Reputation: Arizona is home to over 170 solar installers, according to the Solar Energy Industries Association (SEIA). With that many companies, it's crucial that you find one with a solid reputation and years of experience serving Arizona customers like yourself.

Do I need a solar battery in Arizona?

No, you don't need to install a solar battery in Arizona. Solar panels can operate and lower your electricity bill even without a battery. However, you'll want to get the most out of your solar system, especially in sunny states like Arizona, where your panels can generate lots of electricity.

Are solar batteries worth it in Arizona?

Solar batteries will drive up your system costs, but in an area like Arizona, they're often worth it. Batteries help you maximize your savings because they grant you effective one-to-one net metering. Without batteries, you'll have access to the less beneficial net billing program, which will reduce your savings in this sunny state.

Is SunPower a good solar company in Arizona?

While SunPower is ramping down residential sales as of July 2024, we gave SunPower a score of 4.8 out of 5 at the time of this scoring, landing it on the top of our list of best solar companies in Arizona. NR 25-year panel warranty; 10-year comprehensive warranty

Why is solar energy so popular in Arizona?

With Arizona seeing more than 300 days of sunshine each year, it's not surprising to learn that solar energy production is popular in the state. According to the U.S. Energy Information Administration (EIA), 10% of the state's total electricity net generation in 2023 came from solar energy.
