Armenia has a great potential for solar energy (the average annual value of solar energy flow on 1 m<sup>2</sup> horizontal surface is 1720 kWh/m<sup>2</sup>, and a quarter of the territory of the republic is endowed with solar energy resources with an annual intensity of 1850 kWh/m<sup>2</sup>). Technology today allows us to capture and store solar energy, reducing energy

if a Small Solar Micro-Generator is billing at a high export Solar Club??? rate and the Regulated Rate Option ("RRO") from ENMAX, EPCOR, FORTIS or ATCO Electric is higher than the current Solar Club??? rate for that month, then the Small Solar Micro-Generator will be billed for its imports and credited for its exports at the highest RRO rate

Armenia has become the 104th full member of the International Solar Alliance (ISA), marking a significant milestone for global solar energy collaboration. The ISA, established in 2015, aims to scale up solar energy adoption, reduce costs, and facilitate innovation. Under India's leadership, the ISA has launched impactful projects worldwide

Once your site is designated a micro-generation site, you will automatically be moved to the current Solar Club LO Rate. The Pre-Solar Rate??? is valid for 180 days from the date of enrollment. If your site is not designated a micro-generation site by the end of the 180 days, you will automatically be put onto the lowest available fixed rate.

Paneles Solares Para Empresas en Armenia. La energí?a solar es una fuente de energí?a limpia y renovable, por lo que es una gran opción para las empresas que buscan reducir su huella de carbono. Para optimizar el desempeño de tu sistema de paneles solares, es fundamental agendar chequeos regulares. A menudo, las personas olvidan este aspecto

\* Solar rates Enmax is not part of the solar club. You should switch for actual solar club benefits. A few reasons to use the UtilityNET "Solar Club" over Enmax: Anytime the RRO exceeds the summer solar rate, they'll match it. That means if electricity is valued higher than 30c, they'll match that, rather than just a fixed 30c like with Enmax.

You can switch between the Solar Club ??? seasonal fixed LO and HI rates any time during the month. Use the automated online "My Account" service, and the switch will be automatic, eliminating the normal 10-day lead time. If you need help, email our customer care team.

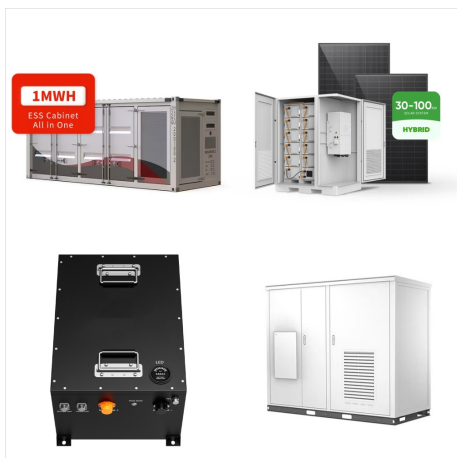

Armenia has become the 104th full member of the International Solar Alliance (ISA). International Solar Alliance ??? International Solar Alliance (ISA) is an inter-governmental treaty-based organisation with a global mandate to catalyse solar growth by helping to reduce the cost of financing and technology.
