

Which companies are best for solar in Idaho?

Here are the top companies we recommend for solar in Idaho: Intermountain Wind and Solar (IWS) provides the power of bulk purchasing to home and business owners through the Intermountain Community Solar Initiative. This initiative allows IWS to purchase solar components in bulk and get discounted rates from our distribu...

How do I choose a solar panel installer in Idaho?

There are many solar panel installers operating in Idaho, so it may feel daunting to narrow down your options. Start by comparing the companies on this list by your priorities as a customer. Eliminate companies that don't meet your primary needs, then work from the remaining companies. Below is a list of factors to consider as you search.

How do I choose a solar company in Idaho?

To choose a solar company in Idaho, consider one that offers a variety of financing options. For instance, Blue Raven Solar provides two financing plans -- BluePower Plus+ and SmartStart -- with \$0-upfront options for 18 to 42 months.

How much does solar cost in Idaho?

The average price of solar is about \$2.02 to \$3.02 per watt in Idaho, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.

Are solar panels a good investment in Idaho?

Though the upfront cost of labor may seem high, the savings from proper installation and insured workers are worthwhile in the long run. Idaho is known to have some of the best solar incentives in the country. You may qualify for various rebate programs through the state and federal government.
