

Belarus is steadily emerging as a significant player in the European renewable energy sector, particularly in the solar panels industry. The country has witnessed a remarkable evolution, transitioning from traditional energy sources to more sustainable alternatives. This transition is evident in the growing presence of Solar

As mentioned above, SolarCity was once the leading residential solar installer in the U.S. SolarCity heavily pushed a lease model for solar installations, which was ideal for homeowners when the cost of installing solar was high. Many solar leases are \$0-down agreements, and the solar company owns the equipment.
