To perform a high-quality solar panel installation in Albany, New York, you'll need a properly certified, skilled and experienced solar installer. We've compiled a list of the top solar companies in Albany to help you choose the right one.

Is Albany a good place to install a solar energy system?

Comparatively speaking, Albany has some of the lowest costs in the nation to install a solar energy system. In fact, the difference between the sticker price and the price actually paid is almost 80% in savings! This is because of some of the best state solar rebates and incentives around.

Are solar incentives a good idea in Albany?

Solar incentives and rebates can cut the cost of installing solar in Albany by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.

How do I know if a New York solar company is good?

When evaluating New York solar companies, we consider the following criteria: Brand reputation and certifications (20%). We take each company's Better Business Bureau (BBB) score into consideration, as well as how long the installer has been in business (at least 5 years is required, 10 preferred), and what type of solar certifications it holds.

SOLAR COMPANY ALBANY ALBANY NY

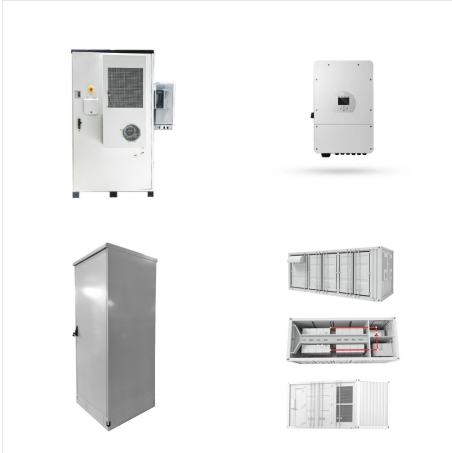

High Peaks Solar, LLC incorporated into New York State in 2011. Prior to that, the company was operating as a DBA called Sycaway Solar and Wind since 2008. High Peaks Solar's founder, Kevin Bailey, began working in the photovoltaic industry after a chance encounter with John Blittersdorf, owner of Central Vermont Solar and Wind, in 2005.

I signed with PlugPV back in November of 2022 and it's now March of 2023, and my solar panel system is still not turned on. Throughout the process, I've had a terrible experience with PlugPV. My solar rep was Ryan Schumacher, who comes off like a really stand up guy and promises you that his company is the best but delivers nothing as promised.
