

What companies do you recommend for solar in Bend?

Here are the top companies we recommend for solar in Bend: Intermountain Wind and Solar (IWS) provides the power of bulk purchasing to home and business owners through the Intermountain Community Solar Initiative. This initiative allows IWS to purchase solar components in bulk and get discounted rates from our distribu...

How much does solar cost in Bend?

The average price of solar is about \$2 to \$3 per watt in Bend, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.

Why should you choose Purelight Power for solar in Bend?

Solar with Purelight Power is a simple 4-step process. Every homeowner in Bend and Central Oregon can get affordable, clean energy installed with ease. Why Choose Purelight Power For Solar in Bend, Oregon? We're on a mission to inspire Oregon's transition to sustainable energy with transparency, quality, and unparalleled value.

Do I need a solar battery in Bend?

No, you don't need to install a solar battery in Bend. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.

Are solar incentives a good idea in Bend?

Solar incentives and rebates can cut the cost of installing solar in Bend by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
