MEGA SOLAR, a company whose main purpose is the construction and operation of photovoltaic power plant, was established in the beginning of October 2009. Driving force which led to the project MEGA SOLAR was to create an energy source based on modern technology which reduce emissions of greenhouse gases and provides a fair income in the future.

Our company has installed over 5 MWp photovoltaic systems only during this period 2021 - 2022, including self-consumption photovoltaic systems. Also, the company has expanded even further, with the opening of sister companies in North Macedonia with headquarters in Skopje, and in Albania with headquarters in Tirana.
