Why should I choose a local solar installer?

SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction. This is why we recommend going with a company that's local to your area rather than a nationwide installer. How can I find solar installers near me?

How do I find a good solar company?

Once you've narrowed your search down to a handful of certified and licensed solar companies, you'll want to look at their online reviews (like this!). We've found that Google, Yelp, and the Better Business Bureau are the best resources for reviews of solar providers.

How do I choose a solar company for my home?

When beginning your home solar project, you might start by searching "Solar Providers Near Me." Then, you'll be presented with dozens of different solar companies to choose from. All of these installers will vary in size, equipment offerings, and reputability, and it can take months to line up multiple quotes. But there's a better way.

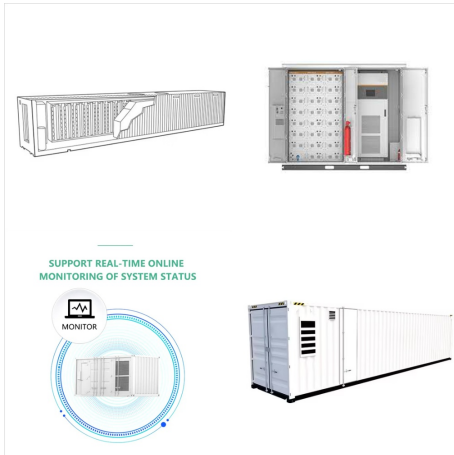

How do I find a solar installer?

There are two ways to go about finding a solar installer: On your own or through a marketplace like solar.com. On the solar.com marketplace, we have a thoroughly vetted and carefully managed network of local installers who bid on projects in their area. The marketplace weeds out scammers and fosters healthy competition.
