

Can Turks and Caicos use solar power?

The Turks and Caicos Government and Fortis TCI are currently reviewing the electricity legislation to enable Turks and Caicos residents to use the solar power they produce to offset their power consumption (rather than sell everything back to Fortis at their pre-agreed rate).

Who provides electricity in Turks and Caicos?

Together, both companies provide electric power in Turks and Caicos to over 15,000 customers and are regarded as one of the most reliable electricity providers in the Caribbean. FortisTCloffers customized energy audits to help customers achieve greater energy efficiency and savings.

Who makes the best solar canopy?

Brooklyn Solar Canopyis one of the premier solar canopy manufacturers. Uniquely designed solar canopies for flat roof, solar carports, shade structures, and open areas. Q-Yachts is leading the innovation in the electric boating market. The Q-30 is the premiere product, featuring cruising speeds of up to 15kn and a range of up to 80 nM.
