

Are there solar power plants in Montenegro?

As for Montenegro, news has lately surfaced about several huge investments, mostly via the urban planning and technical requirements. There are still no utility-scale solar power plants in the country. CWP Europe plans to install a solar power plant called Montechevo with a total capacity of 400 MW in Cetinje.

Where is Res Montenegro planning a solar project?

A section would be placed in the cadastral municipality of Lastva, which RES Montenegro Group is also eyeing for its own project. Sunrise Europe, based in the seaside town of Kotor, intends to set up a solar park with a peak capacity of 220 MW in ?avnik while the company Obnovljivi izvori energije is preparing to build a 225 MW facility in Cetinje.

Will Montenegro build a photovoltaic park?

The Government of Montenegro issued the urban planning and technical requirements for the construction of a photovoltaic park at seven locations in Lastva and Ubli near the country's historic capital of Cetinje. RES Montenegro Group has determined that the potential connection capacity is 506 MW and estimated the annual output at up to 750 GWh.

Did Montenegro lower the value-added tax for solar panels?

Montenegro recently lowered the value-added tax for solar panels. EPCG has a program called Solari for rooftop solar panels for households and companies. RES Montenegro Group got the urban planning and technical requirements for a photovoltaic system with a connection capacity of up to 506 MW.

Will El Sun energy build a 950 MW solar power plant in Croatia?

El Sun Energy plans to build a 950 MW solar power plant in Croatia. Etmax, based in Banja Luka in Bosnia and Hercegovina, recently landed a concession for a 500 MW facility in Nevesinje in the country's southeast.

Will Romania get a photovoltaic power plant?

Of note, according to an unconfirmed news report, Romania's state-owned Hidroelectrica is about to get the concession for a photovoltaic facility of up to 1.5 GW, which would make it the biggest project in the pipeline in Europe. Rezolv Energy said in November that it would start building a solar power plant of over 1 GW in
