4 ? Experience effortless home energy stability with the Jackery Solar Generator 2000 v2. Designed with an instant UPS backup, it ensures your refrigerator and internet stay on during sudden power outages, keeping your home running smoothly and your family connected.

Yes, you can charge an RV battery with a solar generator. In fact, many RVers use solar generators as an alternative power source to charge their RV batteries. By connecting your RV's battery to the solar generator through a charge controller, the solar panels will convert sunlight into DC power, which will then be stored in the battery.
