

Does solar illumination offer a solar home lighting system?

Solar Illuminations offers solar home lighting systems. They have a large selection of three different base systems, and many different types and designs of lights to be used with the system. Solar Illuminations is a great option for off-grid homes, cabins, or other buildings.

What types of solar lighting solutions do you offer?

We offer many solar lighting system solutions including solar street lights, solar sign lights, solar bus shelter lights, solar security lights, solar parking lot lights, solar flag pole lights, as well as others.

Should you buy a commercial solar light?

One-size-fits-all solar lights can be a useful option for some applications, but if you want a solar light that performs reliably year-round, rain or shine, then you'll want a heavy-duty commercial solar-powered light. When you purchase a system from us, if you desire dusk to dawn illumination, that means dusk to dawn.

How do I choose a solar light for my Garden?

Think about what tone of lighting you want in the garden as well. Most solar lights use LED bulbs which project a white light. Some may find this too harsh, especially if it's lighting where you plan to entertain guests! If you want a warm or soft tone, invest in solar lights with tinted covers.

Can I use a LK ceiling light with a solar system?

The LK ceiling light can be used with a Solar Indoor Light System from Solar Illuminations. It is supplied with one LED light bulb, cord, ceiling attachment, and a matching hood.

How many Watts can a solar light system use?

Solar light systems can handle up to 60 watts (12 volt DC) or 120 watts (24 volt DC). This makes them a solid option for solar lighting systems. Browse our selection of solar indoor home lighting systems with this capacity.
