

JA Solar recently announced that it supplies all PV modules needed to complete an 88 MW project in Guam vested in and constructed by Korea Electric Power, the project will be the largest single PV plant in Guam. Located on an island and in an environment with strong winds, the project has stricter than usual requirements for backside mechanical load and degradation ???

The prices for solar installation is insane. These
solar companies won't even sell you each
equipment. I've contacted these solar companies to
inquire if they sell Lithium Iron Phosphate batteries.
They won't. No local vendor that sells them. They
sell it only as a set or kit.

Custom Solar Kits have been launched by Loop Solar in India in 2023. There are several advantages to ordering solar equipment as kits. This includes lower equipment cost, availability of capital subsidy by government of India, net-metering readiness, lower transportation cost, lower GST, less hassle and fast installation.
