In times of storms and power outages, having solar
lights will provide your company continuous lighting.
Solar outdoor lights may be installed with a motion
detector. With that feature, the light will
automatically turn on once it detects movement.
This is ideal for solar lights used as security lighting
in establishments.

All products distributed by Namene are designed to
help people and families thrive, wherever they live,
by meeting their daily utility needs while eliminating
sources of combustion.. We design our products to
last as long as possible, ???
