-25 Grant Scheme provides a one-time bonus of ???750 in the event that both types of investments promoted under the Scheme, i.e. installation of a photovoltaic system and roof thermal insulation, have been implemented and approved for grant within a certain period for the same residence.. The bonus is granted if the following conditions are cumulatively met:

Solar Pumping. The beauty of using photovoltaic (PV) panels and a solar pumping system is you get water delivery when you tend to need it most, when the sun is shining full blast! A solar water pumping system is ideal in remote locations where grid electricity does not exist or it is cumbersome to carry in gasoline or diesel to feed a pump.
