

Why choose generation renewable - Guam?

I am extremely pleased with my solar system from Generation Renewable - Guam. I was paying more than \$400.00 for power to GPA before getting a solar system from Generation Renewable - Guam... I was never really able to save money on power until I got a solar energy system from Generation Renewable - Guam...

Will my home solar system work during a power outage?

If your home solar system is tied to your utility (grid-tied) and you don't have a battery, your home solar system will not work during a power outage. You will not be able to produce or consume solar energy while the grid is down. In order to have power during a power outage, you will need a home solar + battery storage system. *

What is a gosolar inverter?

They are encased in ultra-high temp tempered glass capable of sustaining high wind loads (175 mph) and performing efficiently even in low light conditions and are backed by a 25-year warranty for minimum power output. GoSolar uses high efficiency low cost \$/watt micro-inverters by NEP(TM).

Do I need to spray my solar panels with a garden hose?

In more arid climate, you may need to spray your solar panels with a garden hose to wash off built-up dust and dirt. You can do this while standing on the ground - we strongly advise against you climbing on your roof for any reason.

We offer home solar and battery storage across Guam protected by our leading 25-year warranty. Learn more about GU home solar panels, incentives, cost, tax credits, rebates, frequently asked questions, and savings.

Guam Energy Solar may be the solution and we are here to help. We just need your information. Solar panels are not an expense, they are actually an investment that will pay handsome returns often rivaling those of more traditional investments such as stocks or bonds. Did you know that buildings and homes equipped with on-site solar

SAN FRANCISCO, CA - Today, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced that the Government of Guam's Department of Administration has been selected to receive \$62,450,000 through the Solar for All grant competition to develop long-lasting solar programs that enable low-income and ???

The great solar energy debate continues to rage. The prevailing opinion is that while it's ok in theory to attach solar energy panels to our roof, the upfront financial costs render it impossible for the average family. At first glance and without bothering to research the matter further, there seems to be more than a ring of truth to it.
