It makes installation easy, and helps users avoid guesswork to save time and cost. ECO-WORTHY carries multiple different solar panel kits that c

SOLAR PANEL KITS FOR HOME ON GRID

Grid-tied solar systems. Grid-tied systems are solar panel installations that are connected to the utility power grid. With a grid-connected system, a home can use the solar energy produced by its solar panels and electricity that comes from the utility grid.. If the solar panels generate more electricity than a home needs, the excess is sent to the grid.
