

Affordable and easy-to-install, solar home kits empower households with access to clean energy for powering essential appliances and devices. These kits typically include solar panels, batteries, LED lights, and mobile phone charging ports.

There is growing on-grid market demand for solar panels in Lesotho, driven by the government's renewable energy targets and the need to increase electricity access, particularly in rural areas. Lesotho aims to increase renewable energy use to 200 MW by 2025, which will likely involve significant investments in solar power. 5 13

We also add solar heater to existing electric geyser, the system works in such a way that during sunny days water is heated by sun; electricity will only be used during rainy or heavily cloudy days Prices incl installation.
