If you are looking to take advantage of the cost-saving benefits of solar energy in Florida, buying wholesale solar panels is a smart choice. At A1 SolarStore, we offer a wide selection of high-quality solar panels for both residential and commercial use.

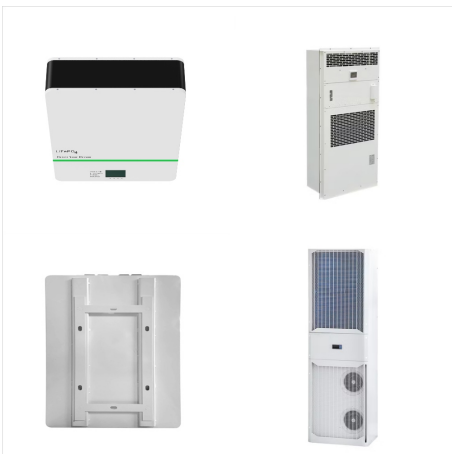

The average solar panel for a home will have 60 or 72 cells, while a commercial solar panel will have 96 cells or more. Compare Quotes From Top-rated Solar Panel Installers Solar power is still an emerging energy source. Some commercial contractors do offer their services in all 50 states, while some focus on particular regions of the country.

Since a commercial enterprise needs far more power than a typical residence, commercial panels will most often be larger and/or more powerful than those used in residential applications. The average solar panel for a home will have 60 or 72 cells, while a commercial solar panel will have 96 cells or more.
