

Why should you choose a solar fountain pump?

Crucial to the appearance of a well-designed garden is the lighting system and water features selected to enhance it. Our selection of industry-leading solar fountain pumps at rock-bottom prices are the perfect way to bring your new water feature to life, or replace an aging pump that is on its last legs.

What is a solar fountain pump?

The Solar Fountain Pump is a solar-powered device, which means that it leaves a small footprint on the environment. It is designed to function without the use of any electricity or the use of batteries, so you will need to make sure that this fountain pump is positioned in a sunny location.

Who makes solar fountain pumps?

Our selection of industry-leading solar fountain pumps at rock-bottom prices are the perfect way to bring your new water feature to life, or replace an aging pump that is on its last legs. All of our solar water pumps are proudly manufactured by Silicon Solar. Since 1999 we've been helping customers transform their landscape. Manufacturer direct.

Can a solar pond pump fit in a fountain?

If you want a solar pond pump or something to put on a small body of water, this is our recommendation. It's small enough to even fit in a fountain and you don't need to use it as a floating solar pump, but it's definitely one of its best features.

What is a solar water pump kit?

The Solariver Solar Water Pump Kit is perfect for large fountains, ponds, waterfalls and rainwater collection. Its solar panel comes with a stake and can be placed anywhere due to using the 16 feet long chord or even an additional 16' extension if needed.

Can a solar fountain pump run in the evening?

If the fountain is needed to run in the evening simply turn the pump on and the pump will run until the battery is depleted. Shop Sunnydaze Decor 65-GPH Submersible Solar Fountain Pump in the Pond Pumps department at Lowe's.com. This outdoor fountain pump can operate on solar and battery power when set to
