? The Maxsa Solar-Powered Dual-Head LED Security Spotlight had a near-perfect performance throughout our testing. While this pick is relatively low profile, it boasts 220 lumens with adjustable brightness, motion sensors, and customizable light durations that allow you to modify how long the lights stay on after detecting motion???anywhere from 10 seconds to four ???

We installed the solar light near the side of our house, facing our gate, and discovered that it provided an impressive 10 feet x 10 feet of lighted area. At 1000 lumens (the highest on our list), we found that the light's maximum range was roughly 25 feet, which is rather good for a solar-powered light. Setting up the lights was also a breeze.

For a minimalist look, these small solar-powered outdoor lights from Solpex are designed to run along a deck railing or at the edge of steps. Like many of our picks, they charge during the day and automatically turn on at night without a timer. When fully charged, the lights reportedly cast their dim glow for up to 10 hours.
