SOLAR POWER PROJECT Introduction - Solar
energy is our earth's primary source of renewable
energy. It is a form of energy radiated by the sun,
including light, radio waves, and X rays, although
the term usually refers to the visible light of the sun.
As oil prices have gone up and other energy
sources remain limited, nations are increasingly
searching for safe, reliable long-term ???

The solar project subsidy in Maharashtra is
managed by MEDA. Maharashtra's installed solar
energy capacity now accounts for more than 1800
MW and rooftop solar is near 230 MW. It has the
fourth-highest installed rooftop solar power
generation capacity across the country. The state is
strengthening its policy of providi
