With the Overlander 1 package, you can now order your travel trailer with a factory installed 200-watt solar system without worrying about voiding your warranty to up-fit for solar. As the entry-level package in our solar lineup, we pair the 200-watt panel with a 30AMP Digital PWM Solar Controller to ensure the power flowing into your battery

Features like pre-drilled mounting holes, plug-and-play connectors, and clear instructions simplify the installation process as well. You can learn more about how to build an off grid solar system when the time comes by reading our guide. Solar systems should be low-maintenance, but the quality kits make routine checks and upkeep straightforward.

We are Canada's leading provider of solar systems. Get solar panel efficiency to power up your homes 24x7x365. Experts in solar energy in Canada Our solar power packages for homes, cabins, and campers are expertly designed for reliability and efficiency, empowering you to take control of your energy needs.

# SOLAR POWER PACKAGE SYSTEMS

The Eco-Worthy 1200 Watt Complete Solar Power Kit gives you everything you need to set up a comprehensive off-grid power system. Where most of the solar kits on our list include panels and a charge controller, Eco-Worthy takes it to the next level with a combination 60A MPPT charge controller and 3000W pure sine wave inverter.

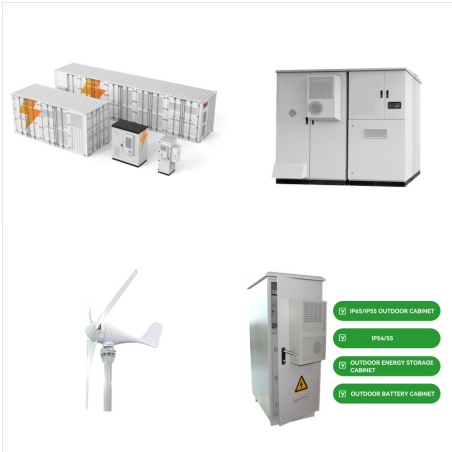

The number of panels and the overall capacity of the small solar power system depend on factors such as the number of people living in the house, how much time family members spend at home, and the daily energy usage. However, consider future changes in your daily routine, such as the next 10 years.
