

A first-of-its-kind commercial solar and battery system has been commissioned in Sierra Leone to cut carbon emissions and enhance sustainable forestry. The 236kWp solar PV, 389kWh battery storage facility commissioned at Miro Forestry and Timber Products'' Tonkolili factory last week marks a new milestone for sustainability in Sierra Leone's

kWp solar and 389kWh battery installation at Miro Forestry's Tonkolili factory is a flagship project for CrossBoundary Energy in Sierra Leone. The solar and battery system is the first commercial and industrial solar PPA for a forestry business in West Africa.

Recognizing this pressing need, Aptech Africa saw an opportunity to make a meaningful impact by designing, supplying, installing and commissioning a 51.2kWp ground mounted solar system. The system also included 400Wp Soleil Power Panels and a 102.6kWh battery bank with 5.7kWh Alpha ESS Li-ion battery storage.

Explore how Aptech Africa's innovative solar solutions are bringing reliable electricity to Sierra Leone, transforming homes, schools, and healthcare facilities while fostering economic growth and environmental sustainability.

As part of efforts to address the electrification gap in the African continent, clean energy microgrids paired with battery storage have been rolled out as an affordable and reliable option. Since 2017, Systems Sunlight has been ???

Founded in 2019, Easy Solar - Power Solutions is a leading provider of solar energy solutions in Sierra Leone and Liberia. With over 700 kW of installed capacity, we are committed to providing world class solar and battery storage for schools, businesses, hospitals, farms and other high-impact organisations.

A 51.2kWp ground-mounted solar system has been installed in Sierra Leone, providing clean and reliable electricity to an underserved community, and supporting healthcare and education sectors in the area.
