

We design and install customized high quality Solar Systems and PV Installations for the large scale commercial and residential sector. After installation we offer our clients follow up services, providing online monitoring and accurate calculations of cost savings and energy usage.

The solar complex is located in the Mmadinare district of eastern Botswana, around 400 kilometres (248 mi) northeast of the capital Gaborone. Once commissioned, the initial phase of the project will generate enough power to meet the electricity demand of about 20,000 homes annually.

As Botswana's premier solar experts, we guide you through all project phases - from site evaluation to custom system design to certified installation to monitoring and maintenance. Our Net Metering application experts ensure you get ???

SOLAR POWERED UNITS BOTSWANA

Construction and operation of the power plants will be managed by Scatec's organisation in South Africa. "As we reach another milestone in our renewable energy journey in Botswana, we are now looking forward to starting construction of the largest solar project in ???

We are the proud distributors of some of the worlds" leading solar brands and products. Our strategic partners include Freedom Won Batteries, Fronius Inverters and Monitoring Systems, Renewsys Solar PV Modules and all Victron Energy Products.

After Namibia, British company Solarcentury has signed a partnership agreement with Energy & National Resource Corporation (ENRC) to build a 100 MW solar power plant in Botswana. The electricity generated will supply the Southern African Power Pool (SAPP).
