

Will Pope Francis build a solar farm?

REUTERS/Yara Nardi/File Photo Purchase Licensing Rights VATICAN CITY, June 26 (Reuters) - Pope Francis, a vocal campaigner for action against climate change and on environmental protection, on Wednesday ordered the construction of a solar farm to cover the energy needs of the Vatican City State.

Where does Pope Francis build a agrivoltaic plant?

With the Apostolic Letter "Fratello sole," issued motu proprio, Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa Maria in Galeria, where Vatican Radio maintains antennas for digital broadcasting. By Christopher Wells

Why did Pope Francis order an agrivoltaic plant in Santa Maria di Galeria?

By Christopher Wells Highlighting the need "to make a transition to a sustainable development model that reduces greenhouse gas emissions into the atmosphere, setting the goal of climate neutrality," Pope Francis has ordered the construction of an agrivoltaic plant within the extraterritorial zone of Santa Maria di Galeria.

Why did Pope Francis embrace solar power?

In Fratello Sole, Pope Francis roots the decision to embrace solar power in his own invitation "to all mankind," in the encyclical Laudato si', to make lifestyle changes to counter global warming and the "pervasive" use of fossil fuels.

Where is Vatican Radio located?

Located on the edge of Rome, the 424-hectare site houses the transmission facilities for Vatican Radio, thanks to a 1951 agreement between the Holy See and the Italian State. The new plant is intended to supply the energy needs of Vatican Radio and contribute to "the complete energy sustenance of Vatican City State."

Where should a solar farm be built?

Expressing his wishes in a Motu Proprio, a personal papal edict, the 87-year-old pontiff said the solar farm should be built outside Vatican walls, in Santa Maria Galeria in the northwestern outskirts of Rome. The area belongs to the Vatican and already hosts a broadcasting centre for Vatican Radio, which will also be powered by the new solar farm.
