

What are Advent calendars?

Advent calendars are cards or boxes with 24 tiny gifts you open every day in December before Christmas. It's a way to count down to the ultimate day of celebration. They can be fun, creative and a joy to explore. Many brands have the option of pre-ordering a collection, so don't miss out and act now!

What's in a science advent calendar?

Hours of Play - A different experiment is hidden in each box keeping our young science enthusiasts, boys and girls, engaged for hours. This Science Advent Calendar comes with Experiments from various Scientific Fields - Chemistry, Biology, Mechanics, Optics and Magnetism.

Who is advent solar?

Advent Solar delivers intellectual property for intelligent, high-energy silicon photovoltaic solutions. Ziff Brothers Investments is a venture capital firm specializing in growth capital investments.

What is the Digital Advent calendar?

Our digital twist on the traditional Advent calendar brings a sense of surprise by showing you the whole calendar, but not letting you "open" each day and find out what's behind the picture until that day comes along. Each day, the link will lead you to a special Advent-themed Daily Jolt and MicroChallenge.

Are Advent calendars a good idea for non-religious people?

These days, advent calendars are enjoyed by both the religious and non-religious alike. It's just FUN opening up a tiny present every single day for weeks.

Are there any good British Advent calendars?

If you want your advent calendars to reflect your love of all things British, the good news is that there are now loads of really great British advent calendars you can order, even if you're not in the UK.

Ta-da! Perhaps astronomy doesn't oppose Advent
after all! Of course, science is not a great basis for
ideas about faith. As we have seen, science can
change. Maybe some day it will change back. But in
the meantime: Happy Advent, here in this
unparalleled, weird solar system ??? the one where
God became a human being.
