

What is Vanuatu's solar power project?

The Government of Vanuatu has set a target of 65 percent power generation from renewable energy by 2020 to increase energy security and fight climate change. With this project, 17,000 households throughout Vanuatu will be supported to access non grid, renewable electricity through solar.

How can Etech solar help Vanuatu?

The sun is a powerful source of renewable energy. We can harness that energy to create a sustainable future in Vanuatu and the world. eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply.

Why should you go solar in Vanuatu?

In an era of climate change and unsustainable environmental practices, by embracing solar power Vanuatu can forge ahead with providing affordable, clean energy for all its people. More than ever, a great time to go solar!! Reduce your electricity costs.

Welcome to AusPac Solar, your trusted provider of high-quality solar energy solutions in Vanuatu. Explore our range of solar panels, inverters, and systems designed for maximum efficiency and sustainability.
