Who distributes solar panels in North America?

Major North American distributors include BayWa r.e., CED Greentech, Freedom Solar, Wesco, and Soligent. Solar panels can take many different paths to find their way onto your rooftop, but we've included a relatively simplified illustration below, highlighting the primary functions of manufacturers, distributors, and installers.

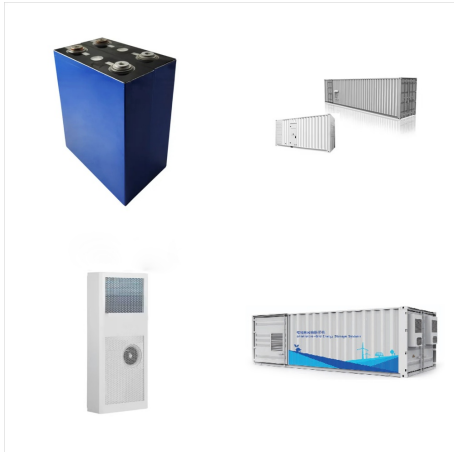

Who are the biggest solar distributors in the US?

Some of the biggest distributors in the US include, but are not limited to: BayWa r.e.: Munich-based company focused on agriculture and energy; provides solar products and services across the spectrum (and worldwide)--leading solar distributor in North America and worldwide. Wesco: publicly-traded company on the NYSE.

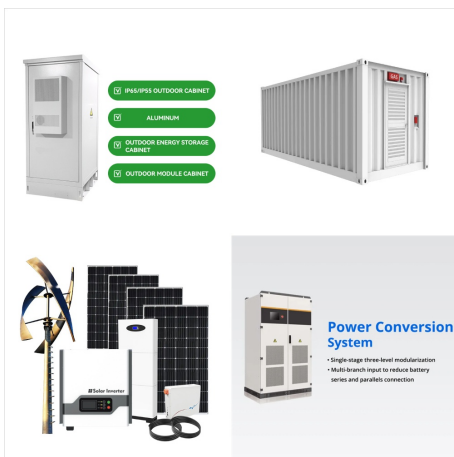

How much does solar cost in Miami FL?

The average price per watt of solar power in Miami, FL is \$2.42/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$25,868 for a 15.26 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.
