

Who is the best solar inverter supplier in Dubai?

Al Shirawi Solar is a favoured installation partner for Tier 1 solar modules and is the top solar inverter supplier in Dubai. The firm has successfully built a solid portfolio as a solar panel provider in a variety of areas, including Dubai, Abu Dhabi, and Sharjah.

Can solar panels be installed on a villa in Dubai?

As surplus solar power is fed back to the grid, there are no requirements for expensive batteries. DEWA will even credit your account with the power you send back. Tap our chat feature to receive a free quotation for your villa. As a building owner, solar PV panels can be installed on a variety of roof structures across Dubai.

Why should you choose Al Shirawi solar?

Our skilled personnel can help you with everything from an in-depth ROI analysis and project formulation through design, installation, monitoring, and acquiring the appropriate approvals. Al Shirawi Solar is a favoured installation partner for Tier 1 solar modules and is the top solar inverter supplier in Dubai.

Who is Al Shirawi solar?

Al Shirawi Solar, one of the leading solar panel suppliers in the UAE, provides unique solar solutions for both commercial and residential projects with comprehensive AMC included. We are one of the leading solar power contractors in the UAE, with a total capacity of 3.6 MW and over 8000 solar modules installed.

Is solar power cheaper than Dewa?

The solar electricity generated is up to 70% cheaper than DEWA grid power, therefore reducing and even zeroing monthly bills. As surplus solar power is fed back to the grid, there are no requirements for expensive batteries. DEWA will even credit your account with the power you send back.

How does a residential solar panel system work?

A typical residential solar panel system will eliminate 3-4 tons of carbon emissions each year, roughly the equivalent of planting 100+ trees per year. You can guarantee lower electricity rates now so you do not need to worry about the cost of electricity in the future. As the rates continue to increase, your savings will increase.
