4. A subsidy amount of 3kW on grid solar systems is
Rs. 43,764 by the central government. There are
some states that provide a state subsidy of 30,000
for a whole system. That means, you will get Rs.
43,764 to 73,764 but you need to invest all the cost
of the solar project yourself. A subsidy amount will
be withdrawn within 30-60 days in the consumer
bank ???

What are Solar Fences? In today's modern world, security becomes everyone's main concern in almost everything, and protecting properties is not excluded from that. Just like an electric fence, solar fences produce a current shock when someone or something touches them, thus providing protection and security to a property. The only difference is, solar fences are powered by solar ???

Solar market outlook in Martinique. The people of Martinique rely on electricity for several daily activities. A huge chunk of the Island's power supply stems from fossil fuels. However, recent developments paint a picture of hope for its solar market. Martinique boasts of a fleet of solar power plants that supply clean energy to its grid.
