

Why is solar important in Jersey?

Solar is a vital component of modern homes in Jersey, contributing to the state's renewable energy and energy management. For those focused on the bottom line, solar serves as a safeguard against rising grid electricity costs.

What is included in a solar panel kit?

Each kit includes solar panels, batteries, inverter and the fixtures and fittings needed to generate renewable energy. These 3kW - 7kW Off-grid solar panel kits are DIY but Sunstore does offer professional installation if required.

What is a 3KW - 7kw solar kit?

The 3kW - 7kW DIY solar kit range includes 3660W solar panel kits and 4500W solar panel kits. Both are able to power smaller buildings with modest energy demands completely off-grid. Each kit includes solar panels, batteries, inverter and the fixtures and fittings needed to generate renewable energy.

Why should you choose SunWorks Solar?

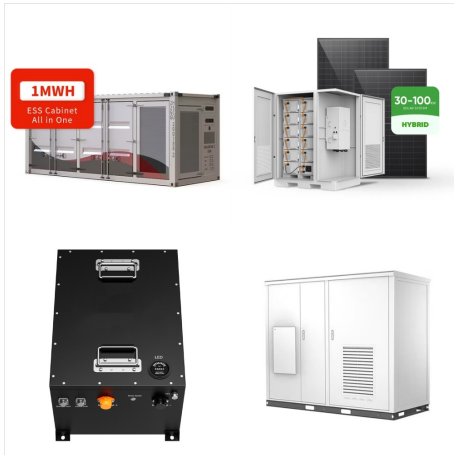

SunWorks Solar is Jersey's only dedicated PV provider, offering Solar PV to both commercial and residential properties. With more homes in Jersey powered by solar through SunWorks than any other firm, you can trust us for great service and the best suited PV system.

Where can I buy solar panels with batteries?

Buy 4kw, 5kw, 6kw and 7kw Solar Panel Kits with Batteries from Sunstore Solar. All components included. Easy to Install. 5 Year Solar Panel Warranty.

How much does a 4KW Solar System cost to install?

For the average 3-bedroom house in 2023, a fully installed 4KW (10 panel) solar system typically starts at around £8,000. Keep in mind that additional costs may arise for safety measures like scaffolding or concurrent property work (roofing, painting, etc.).
