

What is Solarman smart?

SOLARMAN Smart is a brand new smart energy management application, which is specially designed for global household owner users. With full-on visual experience, user-friendly data display and all-round monitoring functions, SOLARMAN Smart makes smart energy management easier for everyone. Why Choose SOLARMAN?

What is Solarman smart cloud platform?

SOLARMAN has developed a complete intelligent PV solution including hardware, software and data analysis to offer smart energy for global customers. SOLARMAN smart cloud platform has been a global leading PV monitoring and management platform, focuses on managing distributed PV power plants worldwide.

What services does Solarman provide?

Experienced technical engineers will provide online instant Q&A and remote trouble shooting services for global customers. SOLARMAN will provide field services for product installation and commissioning. Notice: Extra fees will be charged for field service overseas.

What is Solarman solution?

SOLARMAN solution covers whole life-cycle of devices, capable of smart product management and remote problem-solving. SOLARMAN empowers PV professionals such as installers, O&M service providers and distributors, to streamline business process, to realize highly efficient O&M by cutting-edge technologies.

Does Solarman support OEM & customized services?

All SOLARMAN hardware & software products can support OEM and customized services. SOLARMAN monitoring and management system is compatible with all major inverter/device brands all over the world. We can facilitate your centralized remote monitoring and management of your equipment, providing great convenience for your operation and maintenance.

What products does Solarman offer?

offers a complete solar monitoring & management hardware products include various data logger, smart meter, weather station, optimizer, rapid shutdown and so on. SOLARMAN brings comfortable and eco-friendly life to global users. SOLARMAN has established a close cooperation relation with ZCS in Italy, CORAB in Poland.

solarman?????????,?????????

Device Manufacturers For device manufacturers, use SOLARMAN data logger and cloud platform for smart energy management and remote problem solving, we help you to take care of your devices in a more efficient and smart way. Whole Life Cycle Management Customize your own hardware data logger and software cloud platform with SOLARMAN, it support compatibility [???
