

What is solid Cologne UK?

Created to provide a portable fragrance solution for the frequent traveller, Solid Cologne UK offer a distinctly masculine range - alongside an additional ladies edit - of solid fragrances that are subtle, refreshing and designed to not only last, but evolve throughout the day in response to the wearer's body temperature.

Where are solid state colognes made?

The collection is handmade in London using natural ingredients and oils that are also gentle enough to keep skin hydrated. Solid colognes have changed the fragrance game forever. Easily portable & longer lasting on the skin, these are the best-smelling men's solid state colognes you can buy right now.

What is fine solid Cologne?

Look no further than Fine Solid Cologne by Mr. Gladstone. Made from all-natural ingredients and only available in a convenient solid form, scent notes include mandarin, vanilla, amber, musk, and white clover honey.

What is a solid Cologne container?

The compact square container swivels open to reveal two pans of solid cologne. Better yet, the pans are refillable, and you can swap them out with other fragrances depending on the occasion. The container is weightier than typical aluminum solid cologne packaging.

How long does solid Cologne last?

A swipe on the wrist of this solid cologne for men leaves a subtle dose of scent that lasts 4-6 hours. The Beach is my go-to solid cologne when I head off on summer vacation. As loyal as I am to my liquid fragrances, I don't love weighing down my travel bag with fragile glass bottles. That's where solid colognes come in clutch.

Why is solid Cologne so popular?

Research shows that the solid cologne market is growing. It's not hard to see why this trending product is such a hot commodity. The best solid colognes are aerosol and propellant-free, making them eco-friendly. Moreover, solid colognes offer a milder scent than their liquid counterparts, so are much kinder to delicate noses.
