The majority of solar energy systems installed in Solomon Islands last less than 2 years due to bad system design and poor user training. Superfly's systems are designed to last a minimum of 5 years (for basic systems) and 10 years for premium systems. Better yet, our prices are lower than our competitors because we are locally owned and we

NCDs in the Solomon Islands; The very real danger of unexploded ordinance in the Solomon Islands nearly 80 years after WW2; Solomon Islands seeks to boost its police numbers 26 years after earlier efforts failed and in different political and geo-political circumstances; Continue to Support the Royal British Legion in the United Kingdom
