The brand new Solar Capped Panel has an
exclusive clamp system that ensures fast and easy
installation without drilling sandwich panel surface. It
is compatible with both 60-cell and 72-cell
photovoltaic modules and secures high water and
corrosion resistance.

In June, the company launched a collaborative joint
industry project with 14 industry participants to
develop the industry's first recommended practice
for floating solar power projects. Future gazing Q
CELLS will begin construction of the Hapcheon
Dam floating solar power plant by the end of 2020.
