

Which C&I energy storage system will be installed in Spain?

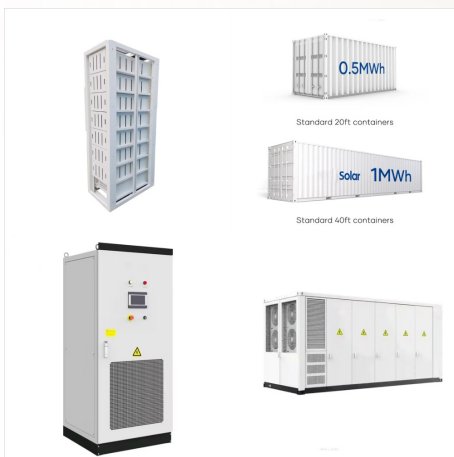

Sungrow's liquid cooled C&I energy storage system (ESS), PowerStack, will be installed this autumn in three projects in Spain. Sungrow's liquid cooled C&I energy storage system (ESS), PowerStack, will be installed this autumn in three projects in Spain.

Why is ESS expanding to Europe?

US-based ESS is expanding its operations into Europe to meet "strong demand" in the region for long-duration energy storage solutions. The business is scheduled to officially begin European deployment of its batteries, which provide four to 12 hours of storage, in the second half of this year.

What will ESS Energy warehouses do?

ESS has already signed customer orders from Enel Green Power in Spain for the delivery of 17 ESS Energy Warehouses iron flow battery systems, providing a combined capacity of 8.5 MWh. They will be used to support a nearby solar farm and provide resilience for the local power grid.
