As part of the agreement, SSE Renewables will pay USD 208 million (EUR 179.3m) to take an 80% stake in an offshore wind development platform from Pacifico Energy. The amount includes USD 30 million of a?

The combination of Pacifico Energy and SSE's knowledge is intended to help the joint ownership company progress with its 10GW early-stage development portfolio. Earlier this month, SSE Renewables announced plans to combine two proposed offshore wind farms in Scotland into one "super" project.

Japan Wind Energy 2023 (JWE), a forum for information exchange and networking on offshore wind, was held in Tokyo on 17 and 18 October. A lively exchange of views was held on accelerating offshore wind, and President of SSE Pacifico, Dai Karasawa, gave his opinion on the potential of supply chains in Japan and the need for international supply chains a?

The targets are backed by a commitment to run regular offshore wind auctions for support. At SSE Pacifico, we are committed to developing, constructing and operating offshore wind projects in the seas around Japan, thereby helping Japan achieve its renewable energy targets. *1 The number includes exclusive economic zone.

The new entity is called SSE Pacifico, the UK group said on Monday. As part of the agreement, SSE Renewables will pay USD 208 million (EUR 179.3m) to take an 80% stake in an offshore wind development platform from Pacifico Energy. The amount includes USD 30 million of deferred consideration subject to conditions.

SSE Pacifico and its consortium partners have secured public funding for a 30MW floating offshore wind demonstration project offshore Akita Prefecture, Japan. The project, which will be situated in waters up to 400m deep, will be one of the deepest offshore wind developments globally.

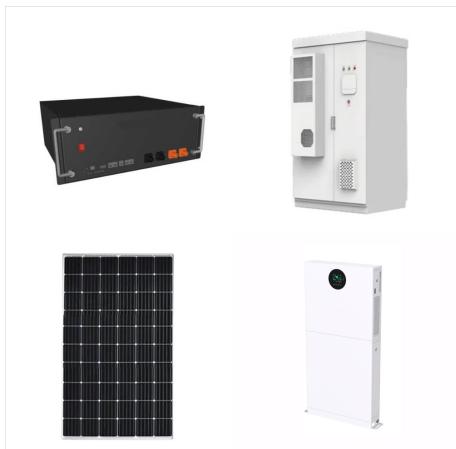

SSE Pacifico, which is 80% owned by SSE, is partnering with development consortium lead Marubeni Offshore Wind Development (MOWD) and other local partners in the successful bid. The demonstrator is the first consented project in which SSE will be involved in the emerging Japanese offshore wind market.

Dai joined Pacifico Energy as COO in 2019 to oversee offshore wind power development, as well as construction management, asset management, and the financing of solar power stations while supporting Hiroki Matsuo, CEO of Pacifico Energy. When SSE Pacifico was established in October 2021, Dai was appointed as Executive Vice President and Chief

At SSE Pacifico, we aim to help realise Japan's renewables ambitions and be a significant part of the country's offshore wind plans during the decades ahead. SSE Pacifico is currently in the process of exploring potential offshore wind sites, engaging with communities and stakeholders including fisheries cooperatives.

SSE Renewables has closed the agreement to form a new joint ownership company, SSE Pacifico, which will pursue the development of offshore wind projects in Japan. The deal includes the acquisition by SSE Renewables a?|
