Over the past several years, St. Kitts and Nevis has  
implemented several energy efficiency and  
renewable energy projects. In 2014, a light bulb  
exchange program was launched to replace existing  
residential lighting with 323,000 LED bulbs at a cost  
of roughly \$2.5 million; the manufacturing sector  
underwent a comprehensive energy audit; and

What Is a Hybrid Solar System? As the name  
suggests, a hybrid solar system is a solar system  
that combines the best characteristics from both  
grid-tie and off-grid solar systems. In other words, a  
hybrid solar system generates power in the same  
way as a common grid-tie solar system but uses  
special hybrid inverters and batteries to store  
energy for later use. For this reason, ???

A hybrid solar inverter integrates the functions of a traditional solar inverter and a battery inverter into a single unit. It not only converts direct current (DC) from solar panels into alternating current (AC) for residential or commercial use but also has the capability to store excess energy in batteries for later use.

Product description ----- Solax Power X1 Hybrid 5T HV 5KW Solar Inverter The next generation of solar battery storage for single phase Hybrid Inverters has arrived. The X1-Hybrid-5T 5KW single phase high voltage solar inverter from Solax Power boasts a range of new technology features. These include the increase of self consumption to 80%+, protection ???
