

What is Sukam solar?

Sukam is India's largest solar power solutions company and the first solar company to win the title of 'Super brand'. It holds a record for being the only company in this field to file for over 100 patents. Sukam offers solutions to your power storage problems and has a presence in 90 countries worldwide.

Which is the best solar inverter from Sukam?

Solar inverters from Sukam, under the model name Brainy Eco UPS, are highly trusted and popular. They are available in several capacity variants including 750VA, 900VA, 1100VA, and 1600VA.

How much does a Sukam solar panel cost?

The price of a Sukam PV panel ranges from Rs. 45/watt for a 40-watt (12V) panel to Rs. 31/watt for a 335-watt (24V) panel. Prices can vary  $\pm$  10% to 12% depending on location, promotions, and availability, and solar brand.

Are Sukam solar batteries good?

Sukam solar batteries are designed to withstand harsh weather conditions and provide more backup than normal inverter batteries. Their efficiency is at its best. Solar batteries, including Sukam's, are essential for storing the energy generated by the solar system.

How did Su-Kam change Indian inverters?

Su-Kam was also the brain behind developing India's first ever 'High Capacity UPS' that could run ACs, refrigerators and other heavy load equipment. It changed the looks of Indian inverters by introducing to the country the 'Plastic Body Inverter' with the product 'Chick' being adjudged one of the top innovations of the decade.

Why should you consider choosing Sukam solar?

When it comes to solar systems, the quality of the solar panels used plays a significant role. Sukam solar manufactures panels of the best quality at affordable prices. They use A-grade solar cells to create their solar panels, which come with shock-resistant thick iron glass technology.
