Su-Kam enables the facility of connecting a tiny battery of 18 Ah to a 900 va or 1100 VA single battery inverter. Connecting a small battery to a big inverter is not a big deal here, but sukam falcon plus has an option to set up the charging current for small batteries, which is really a big deal.. Yes, it has a DIP switch at the back panel where we can setup the charge current ???

Su-kam Power Systems Ltd, Managing Director, Kunwer Sachdev speaks to <b>pv magazine</b> about the latest developments in Inverter technology. Moreover, he talks about the solar market in India from the inverter perspective, Su-Kam products Solarcon and Brainy, and he explained why DC electricity is superior to AC.

The Su-Kam Falcon+ inverter series is a well-known, widely used workhorse with advanced technology, including the Su-Kam proprietary ATC technology, which protects the inverter's battery bank and prolongs battery life. Su-Kam is now ???
