Summit Energy offers a wide range of cost-effective solar energy solutions. We work with homeowners and businesses to help them reduce their energy bills, while also reducing their carbon footprint. Read reviews and testimonials from our clients about their solar installations.

Summit Energy Group reviews and complaints, reviews of the brands of solar panels they sell, their locations and the cost of installations reported to us for 2024. Get the best deal.

If you're looking for an experienced solar provider known for both quality and reliability, Summit Energy stands out as a premier choice in the solar installation industry. With an overall third-party rating of 4+ and positive feedback across more than 10 reviews from different platforms, Summit Energy is distinguished as a Market Leader.

Summit Energy understands that solar installation can be expensive ??? the average solar system installation in the United States costs \$15,000 to \$25,000. To combat high upfront costs, Summit Energy offers a No Cost Solar Program. The program is a power purchase agreement (PPA) that eliminates upfront costs on your solar panel installation.
