Lithium battery off grid systems are a great alternative for grid connected electricity, and the technology keeps on improving. We noticed that people want to become more independent in their energy needs ???

# SUN POWERED BATTERIES PORTUGAL

A solar battery is a device that is charged by a connected solar system and stores energy as a backup for consuming later. Users can consume the stored electricity after sundown, during peak energy demands, or during a power outage.

Portland, Ore. ??? Global energy storage platform provider Powin LLC and Galp, Portugal's leading integrated energy company, have partnered to install a utility-scale battery energy storage system (BESS) at one of Galp's solar power plants near Alcoutim, a small village in the country's sunny southern region of the Algarve, where Galp

"This 5MW/20MWh [megawatt hour] battery system is Galp's first step in the hybridization of its solar energy production portfolio ??? one of the largest in the Iberian Peninsula, with almost 1.5 GW [gigawatt] in operation", ???

Because of all these reasons, lithium-ion batteries have been proven to be the best choice of batteries when it comes to solar power. They do cost more upfront, but their price is worth it because they definitely get the job done right.
