

What does Sundex do?

Sundex, the global expansion arm of Sunergies, specializes in the commercialization of solar energy and spearheads the company's international market growth. Presents an intelligent proposal to take care of the planet and finances, integrating sustainable and socioeconomic values.

What kind of energy does Nicaragua use?

As of 2020, renewables- including wind, solar, biofuels, geothermal, and hydro power - comprise roughly 77% of Nicaragua's total energy supply, with oil providing the remaining 23%.

What is Nicaragua's energy supply?

"This gives us a guarantee that the project will be carried out in the best way and will ensure its best performance." Around 60% of Nicaragua's total energy supply is drawn from renewable sources, with biomass (41.8%) accounting for the largest share of generation as of 2022. The remaining 40% is supplied by oil imports.

Why are energy costs a problem in Nicaragua?

A 2015 study by the Economic Commission for Latin America and the Caribbean (ECLAC) said Nicaragua's energy costs suppress the competitiveness of its industries and the wellbeing of its citizens: higher rates limit access to essential services, increase production costs and hold back economic growth.

How much of Nicaragua's electricity is renewable?

In 2015 alone, the country was able to produce 54% of its electricity from renewable energy sources. Growth in this sector is notable and is expected to continue. Nicaragua's government has turned to renewable energy for a few key reasons. One is the country's natural abundance of renewable resources.

Are NGOs involved in rural energy issues in Nicaragua?

Numerous NGOs are involved in rural energy concerns in Nicaragua. In early 2020, Nicaragua began to plan for the creation of four state companies (Enigas, Eniplanh, Enicom, and Enih) to coordinate the importation, storage, distribution, and sales of oil and gas in Nicaragua.

Motion Energy es un b?lsamo natural con propiedades terap?uticas y anti-inflamatorias muy efectivo para el alivio de molestias ?seas, musculares y en articulaciones.
