

This SunPower flexible solar panel is a small but rugged ultralight panel that bends up to 30 degrees and folds easily for storage. Depending on available sunlight, mine delivered anything between 50 and 100 watts. However, even in the shade, it gave me enough juice to power my 12V fridge.

SunPower Maxeon panels were also the first solar panel to disclose its ingredients through the Declare label. In March 2020, our Mexicali, Mexico manufacturing facility was re-certified by NSF Sustainability as Zero Waste to Landfill ??? and remains the only solar panel manufacturing facility to ???
