Sunrun Inc. (Nasdaq: RUN) is the nation's leading home solar, battery storage, and energy services company. Founded in 2007, Sunrun pioneered home solar service plans to make local clean energy more accessible to everyone for little to no upfront cost.

Sunrun's innovative home battery solutions bring families affordable, resilient, and reliable energy. The company can also manage and share stored solar energy from the batteries to provide benefits to households, utilities, and the electric grid while reducing our reliance on polluting energy sources.

Sunrun is now operating New York's largest residential Virtual Power Plant (VPP)! This innovative VPP harnesses solar and battery systems from thousands of homes, contributing to a cleaner, more resilient energy grid. It's a huge step toward a sustainable future!
