

Who is responsible for Ade power project management?

As part of the ADE Power commitment to delivery and cost, every ADE Power project, irrespective of scale, will be directed by one or more of our dedicated project managers, who will oversee it from proposal to delivery.

What makes Ade Power Limited unique?

ADE Power Limited employs a quality-centric culture based on awareness, transparency, responsibility and commitment, covering every aspect of our business.

Why did Ade need a second facility?

Due to continued growth in projects and especially switchgear enclosures, ADE required a second facility to keep-up with the relentless production rate. ADE invested in a second facility in Yorkshire, UK.

ADE Power have over 25 years of experience at the forefront of the design, manufacture, and fit-out of highly engineered bespoke acoustic and modular enclosures for the packaging of industrial power generation, distribution, storage, and associated equipment including generator systems, switchgear, UPS systems, and battery storage systems, as well as other plant equipment.
