In the simplest terms, manufacturing is the process of producing actual goods or items/products through the use of raw materials, human labour, use of machinery, tools and other processes such as chemical formulation. This process usually starts with product designing and raw material selection, turning them into an actual product output. Solar Products Manufacturers and ???

Until independence in 1975, São Tomé and Príncipe had few ties abroad except those that passed through Portugal. Following independence, the new government sought to expand its diplomatic relationships. A common language, tradition, and colonial legacy have led to close collaboration between São Tomé and other ex-Portuguese colonies in Africa, particularly Angola.
