

Who is TDMED power systems?

TDMED POWER SYSTEMS S.L. was founded in 1987 as a corporate division of Casli S.A. for the distribution in Spain of diesel engines, gas engines and automatic gearboxes. Its continuous growing presence led to the creation in 2005 of two independent companies in Spain and Portugal.

What makes TDMED unique?

Its continuous growing presence led to the creation in 2005 of two independent companies in Spain and Portugal. In addition to guaranteeing the technical assistance with more than 30 official, TDMED is distinguished by its application engineering.

Why should you choose SeaEnergy TDMED power systems?

In its design, SEAENERGY tries to gather the confidence, robustness and durability required by continuous power generation at sea. The SEAENERGY groups guarantee it thanks to the components installed coming from the manufacturers that TDMED POWER SYSTEMS represents.

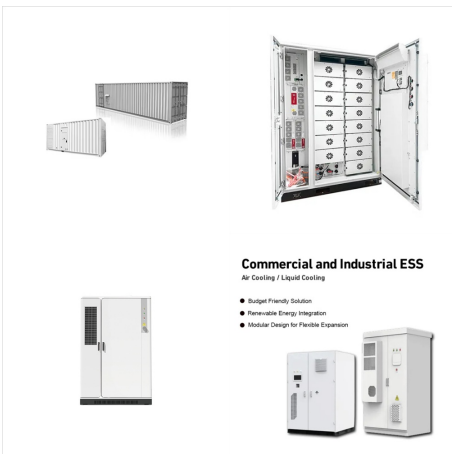

The SEAENERGY marine generators are the solution for energy demands on board, in a power range from 45 to 470 kVA, with 1500 rpm (50 Hz) and 1800 rpm (60 Hz) versions. With an individualized configuration for each vessel, the SEAENERGY generators are manufactured by TDMED POWER SYSTEMS, company specialized in on-site power generation since 1987.
