We are always looking to expand our network of high quality installers in North America. It is free to be a part of our network, and there is no membership or hidden fees.

Is greenmatch a good solar panel installer?

Thanks for the great review Leslie. Though we used green match too late in the day and had committed to the really expensive project solar, it really is worth going to the other solar panel installers out there. If only we had found greenmatch sooner, they would have saved us at least 4k.

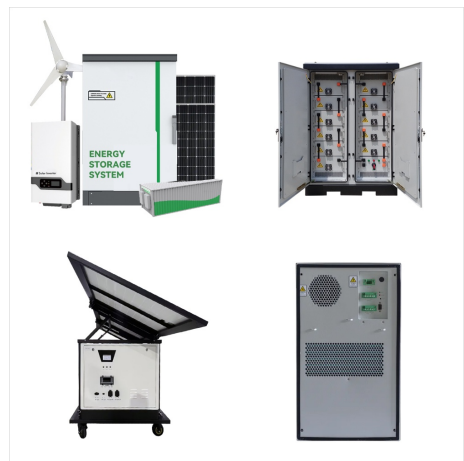

How much does greenmatch cost?

We take pride in matching our customers with the right product suppliers. It is free to sign up as a supplier, with no subscription costs or hidden fees. You're in charge. Only pay for the leads you receive. Disclaimer: GreenMatch aims to provide information to users to help them to lead a more sustainable

lifestyle.
